SKILLS

Numerical Computing
R
Matlab/Octave

Database management
MySQL, Oracle & Postgre
Parse API, MongoDB

Software development
C & C++
Java & J2EE framework

Mobile development
Swift for iOS
Cordova framework
Ionic framework

Web development
HTML5 & CSS3
Javascript
AngularJS framework
NodeJS

Language
French - Mother Tongue
English - European C1
Advanced
Spanish - European B2
Upper Intermediate

🖥️ PROJECTS

Machine Learning MOOC- Stanford University
July 2016 - October 2016
- Use of Octave/Matlab
- Supervised Learning (SVM, Kernels, Neural Networks)
- Unsupervised Learning (Clustering, Recommender Systems, Deep Learning, Dimensionality Reduction)
- Best practices in ML (biais/variance theory, innovation process and AI)

Co-founder & CTO at Timeshot
May 2015 to July 2016
- Developed a Swift iOS mobile app
- Developed a MVP mobile app with Cordova, AngularJS & Ionic
- Launched a beta app on the AppStore & PlayStore
- Followed Product Design Formation at The Family, a French incubator
- Managing a team of 6 developers

✓✓ PROFESSIONAL EXPERIENCES

Full Stack Developer at EarlyBirds
July 2016 - August 2016   📍 **Paris (France)**
- Developed with NodeJS, AngularJs, Amazon Mechanical Turk
- Implementation of a prototype of automatization tag system
- Add fonctionnalities in EarlyBirds' platform

Mobile Developer at Equisense
August 2015 to February 2016   📍 **Lille (France)**
- Developed a Swift iOS mobile app
- Developed a MVP mobile app with Cordova, AngularJS & Ionic
- First experience with a start-up
- Team work and Agile experience

🎓 EDUCATION

Master in Computer Engineering
Specialty- Decision Data Mining
University of Technology of Compiegne, France
Sept. 2012 to present - Degree expected in 2017

Erasmus Program
Universidad de Santiago de Compostela , Spain
January 2014 to July 2014

Scientific Baccalaureate (with honours)
Institution Libre de Marcq
July 2012

❤️ INTERESTS

Sport (Running,Treck,Football, Fitness ...)
Travel, Nature and foreign cultures
Entrepreneurship and New Technologies
